

Bà Nà Hills®

Golf Club

Scheduled to open in Q1, 2016, the IMG managed Ba Na Hills Golf Club is located at the foothills of the famed Ba Na Hills on Vietnam's central coast. This stunning property is set amongst some of the most impressive mountain ranges in the region, complimenting the inaugural Luke Donald designed course. It is destined to become one of the finest in Asia.

At 7,595 yards (6,945 meters) the par 72 18-hole Championship golf course provides a balance of challenge, enjoyment and excitement to golfers of all levels and abilities. The front 9 is somewhat more traditional forest/parkland in style, while the back 9 winds its way through the twists and turns of the surrounding hillside. The bunkering style is impressively bold with grass rolled over the faces leaving the sand partly visible from the tees. The greens feature subtle undulations and encourage a variety of approach shots.

Design Facts

- The Championship golf course is an important recreational addition to the Ba Na Mountain region.
- Multiple tees, angled greens, strategic bunkering, and the relationship of water to playing areas provides variety and balance.
- The surrounding water and topography have been integrated to create a unique and distinctive golf venue.
- A good variety and mixture of playing lengths makes every hole feel unique.

Luke Donald

Luke Donald is a professional golfer widely regarded as one of the game's true gentlemen. He is renowned for his laser-like precision with his irons, and has one of the best short games in the world. In 2011 he ascended to No.1 in the World Rankings. He made history by becoming the first player ever to finish No.1 on both the PGA Tour and European Tour money lists in the same season, and won Player of the Year honors on both tours.

Ba Na Hills is Luke Donald's first design project. "To be able to work on my first ever golf course design at Ba Na Hills is a tremendous opportunity. We have a great site with good elevation change and incredible existing natural features including large trees, streams and mountain backdrops".
